FOREWORD

This is a copy of the 1974 Revised Edition of the FSU Fact Book. The new format of this report is a result of the responses to the questionnaires distributed by this office early this summer. We tried to implement as many of your suggestions as possible and still retain the original intention of producing a concise but useful compendium of data. If there are any report formats that you find particularly useful or necessary that are not included in this edition, please feel free to request them individually from this office. If you have any questions concerning the information contained within the Fact Book, just call Marsha Maynard or Betty Tilton at 644-4203.

A new edition of the Fact Book will be printed during the Fall quarter each year. It will contain data for the previous fiscal year and the five years prior to that. Please keep in mind that this 1974 edition is, in effect, experimental. Refinements in the data included and its presentation in future editions will be made as is indicated desirable, and reproduction quality will be improved. Any further comments or suggestions you may have concerning the Fact Book would be greatly appreciated.
